Netcom Technologies, Inc. Announces Department of Interior (DOI) Award

Netcom Technologies, Inc. (Netcom), a leading infrastructure and physical security solutions provider announced today, July 6th that it has been awarded a contract with The Department of Interior (DOI).

Roy Rea, the President and CEO of Netcom, stated “Netcom is very pleased to have been awarded a contract with DOI in its continued renovation of its Headquarters in Washington, DC. This \$700K award is for the Phase 4 portion of the project.”

Bill Lambros, an Account Executive at Netcom that developed this award added, “We are very excited with this award and are working to expand this to a number of other opportunities for Netcom. This may include the final 2 Phases of the renovation project along with the DOI South Building infrastructure upgrade and ITRACS Cable Management implementation for both buildings. These awards are a tribute to the efforts of the entire Netcom Team.”

About Netcom:

For the past 20 years, NETCOM Technologies, Inc., a privately held corporation, has consistently proven its ability to deliver “best value” inside and outside cable plant, IP video and security infrastructure, and telephony solutions to both public and private sectors. NETCOM has evolved from a regional cable plant installation provider into a nationwide provider of comprehensive and secure telecommunications infrastructure and security services.
